QIAN XI (CISSY) LUO

GOAL

Being an empathetic and inspiring colour designer to bring guests products that support their active and confident lifestyle.

EDUCATION

Rhode Island School of Design, Class of 2021
Providence, Rhode Island, United States
Bachelor of Fine Arts with Honors, Industrial Design, GPA: 3.828
Computation, Technology, and Culture Concentrator

EXPERIENCES

lululemon Concept Colour Design Assistant
February 2023 - Present
Owning colour design for Cultural Awareness Days and Team Canada retail. Collaborate with cross functional partners to ensure colour aspect of the collection is producible and cohesive across different fabrications. Deliver impactful palette and presentation through cultural research and market trend insights.

lululemon Advanced Concept Intern, Contractor
May 2022 - August 2022, August 2022 - Jan 2023
Supported the team in research, ideation, tech pack creation, and prototyping using various machines and digital tools. Partnered with research intern to test the performance of a new material in bra. Projects focused on functional innovatoin in bra, waistband, and new garment system for specific guest needs.

Estee Lauder Companies Packaging Design Intern
July 2020 - August 2020
Interned at the brand Tom Ford Beauty. Focused on drawing new designs and making color up files in Illustrator, modeling new jar concept to show company leaders, and creating labels for travel set containing required info while aligning with brand identity. All files created were clean with organized layers for effective team work.

Eyeluminati Product Design Intern
June 2020 - August 2020
Participated in ideating and producing visualization of new products for company's vision based AI platform. Created CAD models, marketing pamphlets, and logo designs. Learned to design not just a good result, but also an impactful and concise visual story.
